

MAMMOTEST[®] BREAST BIOPSY ACCESSORIES

"The efficient, convenient choice for core needle breast biopsies"

SINGLE USE DISPOSABLES

MammoTray[™]

The single use MammoTray provides you all the tools needed to conduct a biopsy procedure. It includes 3 iodine swabsticks, 1 oz. of xylocaine (1%), 2 syringes, 2 needles, scalpel, gauze sponges, sponge forceps, specimen container, closure strips, and procedure tray. Each case includes 10 trays.

SINGLE USE DISPOSABLES

MammoDrape[™]

The disposable MammoDrape table and Autoguide[™] covers protect your investment in your MammoTest table. Routine cleanup is quick and easy. Each package includes a table pad cover, and Autoguide cover, fitted either for the MammoTest or the SageBrush system. Each case includes 10 packages.
